STATE SANITARY AND EPIDEMIOLOGICAL SERVICE OF THE
RUSSIAN FEDERATION
CHIEF | STATE SANITARY DOCTOR

Federal Center for State Sanitary and Epidemiological Supervision of the Ministry of Health of the Russian Federation, 19a Varshavskoe Shosse, 117105 Moscow
(наименование территории, ведомства)

SANITARY AND EPIDEMIOLOGICAL CONCLUSION

№ 77.Federal Law No.19.426.P.000033.02.04 FROM 09.02.2004

This sanitary and epidemiological conclusion certifies that the
production, application (use) and sale of new types of products; products
imported into the territory of the Russian Federation

Protective device against radiation from mobile communications and microwave ovens "Neutronik"
model MG-03 (MG -03)

manufactured in accordance
with TU 426350-03- 18524656-02 Holographic protective sign of the type "Neutron radiation neutralizer"
(Code GZZ "Neutronik")

respond (DOES NOT COMPLY WITH) state sanitary
and epidemiological rules and regulations (cross out what is not necessary,
specify the full name of the sanitary rules)

The organization is the
manufacturer of the Concern Russian Protective Technologies, 101485.5 Pushkinskaya pl., Moscow.
Certificate of registration No. 073.021 dated June 10, 1998 (Russian Federation)
Recipient of the sanitary and epidemiological conclusion of
the ANO "Center for Environmental Scientific, Technical and Socio-Cultural Initiatives "VALKON", 140160,
Moscow region, Zhukovsky, Moskovskaya str., 12-3 (Russian Federation)
The basis for recognizing products that comply (or do not comply)
with state sanitary and epidemiological rules and regulations
are (to list the considered research protocols, the name of the institution. who
conducted the research, other documents reviewed):

Expert opinion of the Department of Hygiene of Non-ionizing Radiation of the Federal State Budgetary Institution of the Ministry of Health of the Russian Federation and the Research Institute
of Occupational Medicine of the Russian Academy of Medical Sciences. Protocols of the ILC of the Federal CSSEN (certificate of accreditation No. GSEN. RU.01 dated
30.06.03) No. 15/19,16/19 dated 04.02.04

№ 0809061

Hygienic characteristics of products

Substances,
indicators (factors)

Hygienic
the standard
(SanPiN, MDU, MPC, etc.)

The product is a self-adhesive sign containing a multilayer structure of layers sequentially arranged (from top to bottom) (size 30x30mm). The MG-03 Neutronics device provides a reduction in EMF levels by at least 30% created by mobile communications and microwave ovens. The device does not have an adverse effect on the human body.

Scope of application

Means of protection against electromagnetic fields generated by mobile communications and microwave ovens.

Necessary conditions of use, Storage, transportation and measures
in accordance with the technical specifications and the operating instructions.

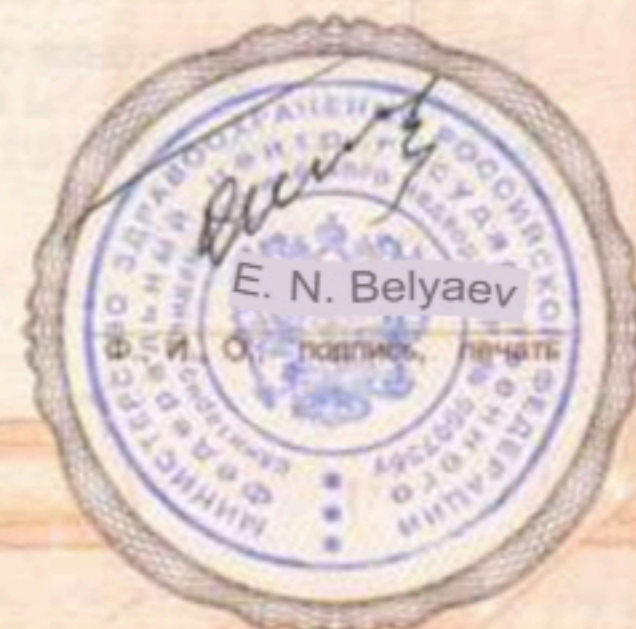

Information applied to the label

: Product name, country, manufacturer, purpose, basic properties,
rules of use.

The conclusion is valid until 09.02.2007.

Chief State Sanitary Doctor
(Deputy Chief State Sanitary Doctor)
